How to Use This Certificate Template

To create a personalized certificate:

1. For the blank template (Page 1):

- Replace [Student Name] with the student's full name
- Replace [Course/Level Name] with the completed course
- Replace [Start Date] with the enrollment date
- Print on high-quality paper or cardstock
- Sign manually or add digital signatures

2. For automated generation:

- Use LaTeX variables or a script to generate multiple certificates
- Example: `\certificate{John Doe}{Beginner Twi}{January 2026}`

3. Certificate ID Format:

- Adult: SG-#YYYYMMDD
- Kids: SG-KIDS-#YYYYMMDD
- Teens: SG-TEENS-#YYYYMMDD

Printing Tips:

- Use **cream or ivory paper** (80lb or higher recommended)
- Print in **color** for best results
- Consider **lamination** for durability
- Use a **gold seal sticker** for the center emblem
